

Bruce E. Stauffer
bstauffer@geographit.com

Company: geographIT

Education: BS Geography, Clarion University of PA, 1978. MA Geography, Syracuse University, 1983

Interests: Educating others on how their organizations can benefit from GIS, Keeping abreast of changing technology, Mentoring others to develop as GIS professionals

GIS Achievement: A 24 year career helping clients to implement GIS technology

What I like about MAGTUG: Informal group that shares a common interest applying GIS to transportation

Factoid: My first experience with commercial GIS software was the first beta release of PC ArcInfo (circa 1986)
