

Merrilee Torres

mtorres@co.burlington.nj.us

Merrilee is a GIS Specialist at Burlington County where she has been employed since 1995. She is charged with supervising the IT Department's GIS Section and coordinating the County's internal GIS efforts as well as acting as a liaison to local, regional, and state agencies. Additional activities include local GIS Day events, chairing the Burlington County GIS Users Group, and sitting on the Burlington County College GIS Advisory Committee. Merrilee is also a past Chair for DVRPC's IREG and has been a trustee for MAC URISA Trustee since 2004. She has contributed to the planning of every MAC URISA conference since 1999.

Company: County of Burlington, NJ

Education: Bachelors in Environmental Studies, Richard Stockton College of NJ with concentration in GIS. GISP

Interests: Data maintenance/administration, Creating web maps, Project development

GIS Achievement: Working with top-notch group to put together 9 GIS Day events as of 2014

What I like about MAGTUG: I appreciate MAGTUG's commitment and energy in bringing relevant topics & presentations to the various sectors of the geospatial and transportation community at no cost while continually looking into better avenues for information dissemination such as webinars.

Factoid: I try to do a GIS-related activity with one of my kid's classes each year.
