

Will Stevens

wstevens@dvrpc.org

I've been with the Delaware Valley Regional Planning Commission (DVRPC) for over 30 years where I am currently the Manager of the Office of GIS. I have a great staff that provides cartographic and analytic support to DVRPC staff and our member agencies. I've developed relationships with all of our member county GIS staff that have fostered cooperation and promoted the advancement of GIS.

Company: Delaware Valley Regional Planning Commission **Education:** BA Applied Geography, Kutztown State

College **Interests:** Cartography, Collaboration, Becoming aware of new solutions **Achievements:** Developed the first digital land use file based on aerial photo interpretation for the Greater

Philadelphia region in 1993. **What I like about MAGTUG:** The ideas and discussions that can be found at

MAGTUG events. **Factoid:** I've been interested in maps since I helped navigate my family across the country

when I was 9. **Website:** <https://www.dvrpc.org>
