

**Justin Cusick**  
[jcusick@esri.com](mailto:jcusick@esri.com)

Justin Cusick is a business development professional empowering local governments to build smarter communities. Prior to joining Esri in 2016, Justin spent 5 years in the EPC, energy services, and computer aided design (CAD) industries. Having been born and raised in the Delaware Valley, Justin aspires to work closely with local governments to educate on the significance of a location platform and together, help solve problems facing our communities using applied geography.
